AGENDA

Join us on **Thursday 27th February 2025**, for an informative session tailored for EU Member State competent authorities, ministry workers, and public sector specialists. With the eFTI regulation set to be adopted on 9th July 2027, it's vital to start preparations by 2025. This online session will share valuable insights from other Member States and key project findings to help you navigate this transition effectively.

Ensure your readiness—don't miss this opportunity to gather essential information!
