

A **digital** transformation for European **logistics**

Pilots for electronic freight transport system across EU

Heiti Mering, Digital Logistics Center of
Excellence (EET)

www.efti4all.eu

eFTI Pilots in EU Member States

There are several activities across EU that actively supports the TEN-T eFTI Network development:

Germany, Austria, France, Finland, Estonia, Sweden, Netherland, Denmark, Italy, Poland, Malta, Latvia, Lithuania, Luxembourg, Portugal, Spain, Greece and the Territorial Collectivity of Martinique —an overseas territory of France.

Many pilots and projects is under eFTI4-Project but many is beyond of it

eFTI Pilots in EU Member States

There are several activities across EU that actively supports the TEN-T eFTI Network development:

Germany, Austria, France, Finland, Estonia, Sweden, Netherland, Denmark, Italy, Poland, Malta, Latvia, Lithuania, Luxembourg, Portugal, Spain, Greece and the Territorial Collectivity of Martinique —an overseas territory of France.

Many pilots and projects are under the eFTI4X but many are beyond of it
